

Faculty Positions in Psychology

KOÇ UNIVERSITY

Istanbul, Turkey

www.ku.edu.tr

Koç University Department of Psychology invites applications for **full-time faculty positions** of **any rank** in **all areas** of psychology. Candidates are expected to demonstrate excellence in research and teaching.

The Department of Psychology at Koç University offers a broad curriculum in wide range of topics. The candidate is expected to hold an active research agenda and teach two courses per semester.

Located in Istanbul, Turkey, Koç University is a highly reputable private English-instruction university. Students typically rank in the top percentiles of high school graduates in Turkey.

Department of Psychology has internationally active researchers. Cutting-edge research is supported by strong graduate programs, and collaborations with other PhD programs (e.g. Neuroscience, Design, Technology and Society, Management), research labs (e.g., developmental labs, animal research lab, cognitive labs, leadership lab, social interaction and media lab), collaborations with faculty members across different disciplines (e.g., the medical school), research centers (e.g., women and gender studies research center, migration research center). Internal and external grant opportunities facilitate state-of-the-art research.

Positions will stay open until filled. Applications will start to be reviewed as of **December 15, 2017**.

Applicants can submit the following documents electronically to:
